Renfrew would like to announce the gift of an unusual fragment of Solomon Bell pottery from Mr. and Mrs. Robert Markum of Sharpsburg, Maryland. The fragment is a lion's head handle from a crock. It will be one of several newly acquired pieces of Bell family pottery which will be on exhibit in December. The lion's head is a unique and exciting addition to the Renfrew Collection.

PLEASE NOTE: Renfrew Museum will be closed Thanksgiving Day, Thursday November 22.
